

### Understanding your Leadership Style

We are all unique. Knowing our individual leadership styles can help us become more effective leaders and team players. Use the inventory below to assess your style. Keep in mind that there is no preferred or 'right' or 'wrong' style. All are used effectively by flexible leaders.

### Self-scoring leadership behavioral style assessment

Circle the number and letter that best describes your perception of your style. Total the number of each letter and number circled. Find the appropriate quadrant in the style matrix.
